Build A Strong Team

C4SEM leads the way in setting new standards and best-practices in the investigative industry. Our clients include corporations, insurance companies, government agencies, law firms, as well as individuals. Our team of professional, private investigators are all former police officers with an extensive knowledge in various types of investigations ranging from murder/homicide, robbery, drug trafficking, domestic violence, sexual assaults, internal investigations and much more, many of which have led to successful prosecutions in federal and state courts. We understand the importance of gathering detailed, accurate evidence necessary for our clients to make informed decisions.
